GETTING ON THE BALL

Team Comparison Screen

When you exit the Game Set-Up screen, the Team Comparison screen comes up. Here both teams are compared in nine major areas. One of the teams will have at least one, and no more than two, check marks at every position. Below are three ways teams can compare to each other.

Team A Team B

Team A is somewhat stronger than team B is this area.

Team A Team B

Both teams are relatively equal in this area.

Team A Team B

Team A is much stronger than Team B in this area.

Use this screen to determine just how easy or difficult your game will be. If you want the maximum challenge, choose one of the poorer teams and go up against one of the All Star, or Legendary teams. If you want an easy contest, play a strong team against an easy team.

Coin Toss/Wind

Before the referee can start the game, the coin must be tossed and the loser must choose which goal his team will defend in the first half. The direction of the wind usually has a bearing on which goal is chosen. As prompted by the screen, Press Y for heads or A for tails.

If you win the toss, you must choose whether to kickoff or to receive the kickoff. Press Y to kick or A to receive. If you lose the coin toss, the computer's team captain decides who

will kickoff, and then you decide which goal your team will defend in the first half.

Look at the wind indicator to see which direction (if any) the wind is blowing. One arrow means a light wind, two arrows a moderate wind, and three arrows a strong wind. Make sure to note which goal the wind is blowing toward, and remember that the wind blows with the same force and in the same direction for the entire game. Press Y to defend the home team's goal or A to defend the visiting team's goal.

The kickoff play begins automatically.

Receiving the Kick/Player Control

If you're receiving the kick, your return man automatically catches the ball. If the return man catches the ball in the end zone he will remain in place until you run him out. If you do not run him out, the referee will signal a touchback. If

the return man catches the ball in front of the endzone he will automatically move up-field. You can take over any time you wish by pressing on the control pad.

Press the Control Pad in the direction you want the player with the star to move on the screen.

Kicking

The following kicking instructions apply to kickoffs, punts, and field goals.

Press B to snap the ball and start the diamond on the strength meter moving upward. Press B again to stop the diamond and strike the ball. The closer to the top of the meter the diamond is when you stop it, the farther the ball will travel.

Press Control Pad left/right to aim the kick after you press B the first time, but before you strike the ball.

Onside Kick

Press A twice to set up the onside kick formation.

Press B to start the kick meter arrow.

Press B again immediately while pressing the Control Pad to the right.

There is a slim chance that your team will recover the ball.

OFFENSIVE COORDINATION

John Madden Football '93 allows you the choice to control a play from the moment the ball is snapped till the referees blow it dead, or to simply call a play and watch it unfold. But before you can call a play, you have to select a set and a formation. The selection in the B window is Madden's choice.

Press control pad left/right to toggle through sets, formations, and plays. Press Y, B, or A to choose the set, formation, or play in the corresponding box.

NOTE You can change your mind before you call a play by pressing Control Pad Up. This will take you to the set or formation selections. To change a play after you have selected a play, you must burn a timeout. (Press Start and then press A.)

Offensive Sets

Besides the two special teams sets, there are four offensive sets: normal, hands, fast, and big.

Normal Two wide outs, a tight end, a half back and

a fullback—the standard package.

Hands Your best receivers, including two running

backs.

Fast Your four fastest wide outs, and your

fastest running back.

Big Your biggest, toughest guys.

Offensive Formations

A 'Formation' is a particular arrangement of the players on the field. There is a limited number of plays any given formation can run.

Pro-Form The halfback and fullback line up next to

each other behind the quarterback.

Shotgun A good passing formation. The quarter-

back doesn't have to drop back to pass because he takes the snap five yards behind

the line.

Run & Shoot Most often a passing formation, since the

quarterback receives the ball five yards

behind the line of scrimmage.

Goal Line Use this when you need only a few yards.

Far/ Near This indicates where the halfback lines

up—far from the strong side of the line, or near it. The strong side is the side with the

Tight End.

Offensive Plays

Beneath the name of each play is the diagram for that play. Running and passing routes appear in bold white, while blocking and decoy assignments appear in gray.

Offensive Audibles/Fake Snap

A fake snap might draw the defense offsides.	Press X
The snap starts the play.	Press B
An audible changes the play at the line.	Press A
(See the poster for diagrams of audibles.)	
Cancel Audible	Press X
Running Play	Press Y
Anti-Blitz Play	Press B
Trick Play	Press A

Running

The handoff on a running play is automatic. You take control after the handoff. The star symbol marks the ball carrier, and his jersey number appears so you know who he is. Use the Control Pad and the action buttons to move the ball carrier through the defense, or watch the computer execute the play you just called.

Hurdle	Press X
Dive	Press Y
Break tackle	Press B
Spin	Press A

Passing

There are three receivers for every passing play, corresponding to the Y, B, and A buttons. (The X button will throw to the B receiver.)

After you snap the ball, wait for the passing windows to pop up before you press any buttons or the Control Pad. You can let the computer execute the play, or you can press the button that matches the window of the intended receiver. If you move the quarterback out of the pocket or off his designed roll-out by pressing the Control Pad in any direction, the computer will no longer execute the play. Then it's up to you to choose a receiver and pass the ball.

Once the ball is in the air, the passing windows disappear. The target spot where the ball is headed appears on the field as a yellow, circled cross. Use your Control Pad to guide the intended receiver to the spot if he's not already there. Also, you can press X to raise the receivers hands. This increases the chance of catching the ball.

Reach for the ball

Press X

(This increases the odds of catching the ball.)

Broken Passing Plays

If you press the Control Pad (i.e., take control of the quarterback) before the passing windows pop up, the passing windows will not pop up automatically.

Show passing windows

Press B

Hurry-Up Offense

At the end of a play you can go straight to the line with the same set and formation.

Hurry-Up offense

Press X

DEFENSIVE COORDINATION

As with the offense, the computer will control the defense if you wish. If fact, you don't even have to call your own formations, sets and plays. The option in the B window is "Madden's choice" and the computer will select it automatically if you don't press any buttons.

After calling a defensive play, you can select the man you want to control by pressing the B or X button until the star appears under that player.

The most important command to know on defense is the B button, which switches your control to the defensive player closest to the ball carrier. Move your defender with the Control Pad.

Defensive Formations

Goal line	Good for shutting down short running plays.
4-3	Four down linemen with three linebackers. Good for short and medium zone pass coverage and a basic run defense.
3-4	Three down linemen and four linebackers. Now the most popular defensive formation in the pros, it shuts down the short to medium pass and contains the run.
Nickel	Employs a fifth (nickel) defensive back for passing situations.
Dime	Employs a sixth defensive back when the defensive is willing to gamble everything that the offense will pass the pigskin.
Special teams	Used against punts and field goals.

Defensive Sets

Attack	Best used against the run, this set emphasizes containment. While it allows the short run up the middle, it tries to keep the back from turning the
	corner.

Read This set provides balanced coverage against both the run and the pass, though it excels at neither.

Cover This set is best used against the pass, with either man-to-man or zone coverage.

Defensive Plays

Beneath the name of each play appears a diagram of that play. The pass rushing assignments appear as yellow arrows, while the pass defense assignments appear as white lines.

GAME STATS

At half time and the end of the game the Scoring Summary appears. Press the Control Pad up/down to scroll through the Scoring Summary. For game statistics, Press B. For player statistics, Press Y for visitor and X for home.

PENALTY OVERTURN

Available only in Head-To-Head mode.

Penalties are called at the discretion of the officials. If a penalty goes against you, you may review it and overturn it by pressing Select to go to *Instant Replay*. Use the *Instant Replay Controls* to review the play, then press Select again. You are offered the chance to overturn the call, or you may let the play stand. You can overturn only one call per game.

PAUSE/TIMEOUTS

Press Start to pause the game. With the game paused, you can call a timeout by pressing A, as long as you have at least one timeout remaining. Each team is allowed 3 per half. If you do not wish to call a timeout, press Start again to resume play.

INSTANT REPLAY

Press Select to replay the last down. Follow the VCR-like control instructions in the left corner of the screen to operate the replay camera.

Press X: Slow Motion

Press Y: Rewind

Press B: Replay at Normal Speed

Press A: Fast Forward

If you wish to isolate a particular player, use the Control Pad to position the white highlight box on that player. That player's number will appear beneath him, and he will be centered on the screen.

SAVING/RESTORING PLAYOFFS

At the end of your playoff game, you'll see a screen showing an updated playoff tree. An eight digit number appears in the middle of the screen. Copy this number down on a piece of paper. It will be your password.

To return to those playoffs, choose *Cont Playoffs* or *Cont All-Time Greats* from the *Game Set-Up* screen. The Password Screen will appear. Use the Control Pad to select the appropriate characters and the A button to enter them.

After you enter the password correctly, press **Start** and the playoffs will resume where you left off.
