BEEBUGSOFT UPGRADES

We offer a full service for members who wish to upgrade their Beebugsoft products from cassette to disc, disc to Rom etc., or to the latest version (e.g. Masterfile I to Masterfile II). To take advantage of this service please return your original program along with your order and remittance, deducting the following amounts from the price. (The amounts shown should be deducted from the full price, before calculating members discount). Send all orders to the usual High Wycombe address.

Product	Discount
• Masterfile I (disc) to Masterfile II (disc)	£9.50
• Masterfile I (cass) to Masterfile II (disc)	£5.00
• Exmon I (cass) to Exmon II (Rom)	£5.00
• Exmon I (Rom) to Exmon II (Rom)	£13.50
• Sleuth (Rom) to Sleuth 1.06 (Rom)	*[see below] £19.00
• Spellcheck I (disc) to Spellcheck II (Rom + disc)	£9.50
• Paintbox (disc) to Paintmaster [Paintbox II] (disc)	£6.00
• Paintbox (cass) to Paintmaster [Paintbox II] (disc)	£5.00
• Design (cass) to Design (disc)	£5.00
• Dumpmaster (cass) to Dumpmaster (disc)	£5.00
• Hershey Characters (cass) to Hershey Characters (disc)	£5.00
• Quickcalc (cass) to Quickcalc (disc)	£6.50
• Sprites (cass) to Sprites (disc)	£5.00
• Starter Pack (cass) to Starter Pack (disc)	£6.50
• Teletext (cass) to Teletext (disc)	£5.00

SLEUTH – An Enhanced Version

The Sleuth upgrade is for owners of versions prior to 1.06 who wish to purchase the enhanced Sleuth which now also features:

1. The ability to enter Sleuth directly from any stage of your own program.
e.g. IF D% = 10 THEN *SLEUTH or ON ERROR *SLEUTH.
2. The new command 'OUT' to exit Sleuth and continue running your program from the current line.
3. Dual screen workspace located in sideways Ram.
4. Variable update now includes arrays.
5. Aries B-20 and Watford 32k Ramcard compatibility.

* See above for details on how to upgrade to the new Sleuth.

Discounts

BEEBUG has arranged discounts for members at a number of retail outlets who supply computer books, software, hardware and services. We are continually negotiating further discounts.

It is advisable to telephone before placing an order, to check availability. Members should simply quote their membership number with their order, though members taking discount will not necessarily be given credit card facilities, (you must check this). We are not acting for these companies, nor receiving payment from them, and cannot be held responsible for their services.

Globe Book Services,
Houndmills,
Basingstoke,
Hants. RG21 2XS

10% Discount on 'Assembly Language Programming for the BBC Micro' by I. Birnbaum.

MUSIC COMPETITION RESULTS

The music competition of BEEBUG Vol.4 No.2 brought in so big a response that we only just managed to listen to all the entries in time to announce the results this month. The standard of all the entries was very high and a great number of you had obviously worked long into several nights to complete your programs. The task of the competition was to write a Basic program to reproduce a piece of music, making the most of the four channels and envelopes that the BBC micro provides.

Some staggering entries appeared at the BEEBUG office but when it arrived it was obvious to all that the winner was to be Nigel Hambly's version of Strauss's Blue Danube. This epic work (the program and data is in several parts taking up about 80K of disc space!) plays an accurate rendition of this famous waltz and even includes some excellent graphics. The first prize of an ATPL Symphony keyboard, BEEBUGSOFT Murom and Ian Waugh's book will soon be on their way to Mr. Hambly.

Second prize (and only just pipped at the post) goes to Melvyn Wright for his 'music machine' that plays Blaze Away March by Holzmman. The music machine is a fairground organ with all the necessary instruments recreated. One highly novel and ingenious trick used in this program is to switch the cassette motor relay on and off as a rhythm track! A copy of Murom and Ian Waugh's book go to Mr. Wright.

Can YOU avoid the fangs of a deadly spider?

► Addictive launch **BOFFIN** ◀
A Mad Professor on the Loose

Boffin is a challenging, action-packed game requiring a combination of cunning and slick keyboard control. Beware the Giant Puffer—Blimps in your way and give the massive Tarantulas a wide berth! Land on the giant hydraulic rams and they will slam you into deadly neutron magnets embedded in the cave roof! Manta-bats are useful allies and the trampolines will help you gain height — but remember to use your umbrella to break a deadly fall!

Available BBC B and Electron £9.95

ALSO AVAILABLE

STRINGER
 Stringer is an arcade adventure game in which you are a press photographer set the task of snatching a shot of a Film Star in an hotel. The game is tantalisingly playable, graphically excellent and, of course — Addictive!
 Available £8.95.

AS MAIN DISTRIBUTORS FOR THE STAR RANGE, WE ARE ABLE TO OFFER EXCELLENT DEALER MARGINS

(I. Sinclair, N.S.W., Australia)

RED MOON The latest adventure from the greatest! Text only but, as you would expect from Level 9, some of the best-written text around. You must use many weapons and spells as you collect the 9 treasures and find the Red Moon Crystal. No Sticks. (Level 9) Cassette £6.95

JUMP JET

REVS "After the magnificent ELITE we now have another winner, Revs. Graphically, it is excellent. It feels like driving a real racing car... oozes class, style and, above all, realism... one of the best simulations ever." (PCW) Sticks OK (Acornsoft) CASSETTE £14.95 DISK (40/80 track) £17.65

MATCH DAY "Far superior to any other ... the reality of the whole match, with the reflection as the ball bounces and the quality graphics, make this a worthwhile buy." (ZXComp) "Must be the definitive football game ... this one has the best graphics, playability and atmosphere." (CRASH) Good 3D graphics: play over many skill levels and time periods. Sticks OK. (Ocean) **Cassette £9.95**

NEW REPLAY ROM

"THE BEST FORM OF TRANSFER I HAVE MET..." I have nothing but praise to lavish upon this... (PCT) "An unusual device that promises to be a boon for disk-using games fans." (Beebug) These reviews are of the original TAPE/DISK ROM which transfers nearly all software to disk. But the actual ROM must be present before the SAVEd software will run. So no pirates! The TD ROM is still available at £18.00. REPLAY ROM is the new enhanced version which is 100% effective. Even loads a stopped screen for printing. Disk to disk transfers. Midplay stop-and-save. REPLAY ROM £35.00. Upgrade existing ROMs by contacting the TD ROM REPLAY ROM. REPLAY ROM is available in two types no: according to your DFS: TYPE 8271 for Acorn DFS, Acorn DFSs, AMCOMS, S/D, WATFORD S/D, TYPE 1770 for Opus DDOS 3.45 & SOLIDISK DDOS: TYPE 2791 for Opus 3.15. (Vine) TD ROM £18.00 REPLAY ROM £35.00

BEACH HEAD "A multi-screen arcade game that is very close to being perfect ... graphically it is astonishing ... a vast number of features." (PCW) A whole war on one tape! At last the famous Commodore/Spectrum program runs on your Beeb. 6 battles each require a different survival strategy. 1 or 2 players, 3 skill levels. Sticks OK. (U.S.Gold) Cassette £9.95

MOUSE GOING CHEEP! Save \$10.00 on

REPTON "The graphics are excellent, being clear and colourful with smooth movement and scrolling ... the game provides an exciting challenge with a good balance between reward and failure. It is highly interactive, thoroughly enjoyable and 12 screens of progression difficulty, but on each screen you see only 1/16th of the whole playing area at once. Password feature lets you skip completed screens. Map helps with first 7 screens. No Stick. (Superior) Cassette £9.95 Disk (State 40 or 80 track) £11.95.

ACCELERATOR ROM

"The best compiler around for the BBC at the moment." (Beebug 7/85) Claimed to be the most comprehensive compiler available for the Beeb. Compiles practically all BBC BASIC: the only one compatible with BBC BASIC syntax and offering full floating-point arithmetic. Package includes two ROMs, manual, utilities disk, quick reference card. (Computer Concepts) Recommended price £64.40 **OUR PRICE £55.00 SAVE £9.40**

BBC MUSIC SYSTEM *"The best music software package for the Beeb, using the internal soundchip, that I have ever seen."* (Beebug) *"It is difficult to imagine a more comprehensive musical program."* (ABCComp) 76-page illustrated manual. But the 4-page leaflet has you watching one of the pre-recorded tunes play within 2 minutes. Then you start to adapt it... No Stick. (Island Logic) 2 Cassettes £25.95 2 Disks (40/80 track) £24.95

SHARE ANALYSER

WORDWISE + ROM The greatest BBC wordprocessing ROM.
180-page manual. 56-page manual. Keystrip. Typing tutor. Example text. Example programs enable mailmerging, index generation. COMPATIBLE WITH EXISTING WORDWISE FILES and with 6502 2nd processor. (Computer Concepts)
Recommended price £56.35 **OUR PRICE £50.00** SAVE £6.35

STARdataBASE . . .

The database

for the BBC

STARdataBASE £75.00 inc VAT
Post & Packing £2.30 inc VAT

GCC (Cambridge) Limited
66 High Street, Sawston, Cambridge CB2 4BG
Telephone: Cambridge (0223) 835330/834641
Telex: 81594 SAWCOM

The STARdataBASE, professional database management system consists of a 16K ROM, 75K of extension and applications software on disc and a comprehensive manual. STARdataBASE was designed by a chartered electronics and software engineer to meet a defined need for a high specification, disc-based random access system. The database program and extension software is "Menu Driven", particularly user-friendly, quick to use, but extremely powerful and totally flexible. It is absolutely ideal for use in schools, clubs, colleges, small businesses and in the home.

- Menu driven throughout.
- True random access - will locate a single record in under 2 seconds typically.
- File size is the capacity of a single disc (double sided if applicable) - minus 5K.
- Maximum number of fields 69.
- Maximum number of characters in a field 255 (subject to an overall maximum of 920 in a record).
- Up to 4096 records.
- Records are displayed and input on a "Card Screen" principle. Layout of fields and headings are built entirely by the user by "Painting" on the screen (colour can be used).
- Direct and rapid entry of data into all or selected fields.
- Search criteria include =, <>, >, <, a wildcard "anywhere in the field", and "nowhere in the field".
- Unlimited and rapid sequential searching and selecting.
- All or selected records can be sorted to a depth of 5 fields, each in ascending or descending order, using the super-fast Shell-Metzner routine.
- Instant print or display review of file, giving breakdown of record size, number of records possible and space used, etc.
- Address and label printing (up to 8 across the page).
- Selected whole or part field-content printing with left and right justification, tabbing, and embedded printer control codes possible. Can be mixed with text for invoices and form letters etc.
- Can be configured for any printer (including £ character definition).
- Continuous or paged printout with page heading and pause at each page end, with "New Page" prompt.
- Repeat printing for multiple copies.
- Percentage and arithmetic operations to specified decimal placing.
- Field statistics giving totals, mean and standard deviation, variance and squares.
- Optional password lock.
- Full documented routines (in Basic) which can be spooled onto user-written tailor-made file management and interrogation programs.

STARdataBASE meets and even exceeds professional standards found on large installations. It is unique in speed, flexibility, and ease of use.

Trade and local authority enquiries welcome.
Prices correct at time of going to press.

BEEBED

THE ULTIMATE BASIC PROGRAM EDITOR

As good as Basic is it has one omission — a true program editor. BEEBED solves this by integrating into Basic a true full screen editor which operates directly on the program in memory with no conversion to and from the BBC Basic format.

Features include:—

- * True screen scrolling up and down (fast and smooth with new lines appearing at the top and bottom of the screen).
- * Insert or Overwrite character input at any point on the screen.
- * Character delete to the left and right.
- * Copy function to and from any point on the screen (depending on mode inserting or overwriting).
- * Global or Selective search/replace, selective mode displays a section of program with the cursor on the exact spot of the string found (all characters, Basic keywords, part keywords and wild cards can be used in the strings).
- * Save, Insert, Move, Copy and Delete sections. All of these sections are automatically renumbered when reinserted to keep the program line numbers sequential.
- * Very fast partial or total renumber.
- * User friendly, all controls are very easy to use, large block cursor for editing, options are menu driven with helpful prompts, all inputs have sensible default values and "are all thoroughly idiot proofed".
- * Strings for filenames, search and replace are remembered and can be used again when required.
- * Easy insertion of a new line, just press return and a new line appears underneath the cursor with the new line number already calculated.
- * Fast cursor movements, locate by line number, undo recent edits, erase to end of line, bad program recover, delete line and more.
- * Supplied in 8K EPROM with extensive manual and function key strip.

Requires O.S. 1.2 and Basic I or II.

For further information send an SAE. CHEQUES or PO for £24.50 inclusive made payable to J & O SOFTWARE.

CIRKWIK

Schematic drawing on the BBC micro

A lightpen or trackerball driven CAD package orientated to the production of schematic drawings, such as circuit diagrams, flow charts, power systems, pipework diagrams, fluid logic diagrams and many similar professional and engineering applications.

- * Lightpen or trackerball driven.
- * Virtual screen 8x the BBC's mode 4
- * Uses standard dot matrix printer in dual-density graphics mode to produce excellent quality diagrams.
- * Automatic parts list generation
- * Up to 640 symbols may be in use in any one diagram
- * Total symbol library unlimited in size
- * Create your own symbols with the lightpen on a highly magnified scale
- * Many electronic symbols already included in package.

Rock steady vision at a rock bottom price

CALL
0737 65080
FOR
GENEROUS
EDUCATION
DISCOUNTS

The only thing that seems to stand still on some colour monitors is the price. But at Opus we've now made our RGB High Resolution colour monitor even more affordable — it's down to just £199.95, and the picture quality is as rock steady as ever. What's more we deliver within 48-hours and give you an unrivalled warranty plan to guarantee your peace of mind for the next two years. And if that's not enough our price includes carriage, VAT and connection leads. Our JVC monitor (580×470 pixels) has received ample praise from the computer press. Acorn User said:

"...gave steadier pictures than the Microvitec Cub, and the colours were rather better."

Personal Computer News added:

"There is no doubt that the JVC range of ECM colour monitors is excellent value for money... there is no loss in quality of picture after long periods..."

The unit has a 14" screen and is suitable for use with the BBC Micro, Electron, Sinclair QL, Lynx, Oric, Apple, IBM, Amstrad and RML 480Z and most other leading micros.

CHALLENGER

Simply light years ahead of the opposition

Opus announce the biggest disc drive breakthrough for years – CHALLENGER. It could make every other disc system for the BBC micro outdated overnight.

An amazing 3-in-1 design has produced Britain's first complete plug-in disc system for the BBC computer. No more complicated interface connections, soldering or track cutting. Challenger is an all-in-one disc system ready to plug straight into your computer. It's the simplest disc link-up ever and a winning combination that no other system can match.

5¼" DOUBLE-SIDED 40/80 TRACK DISC DRIVE

DOUBLE DENSITY DISC INTERFACE

SUPER FAST SOLID STATE RAM DISC

— Up to 20 times faster than disc drive and providing a massive 256 K of RAM

ALL THIS IN A SINGLE UNIT FOR AN AMAZING £249.95

And just look at the storage capacity of this remarkable stand-alone system.

Our 5¼" disc drive and built in double-density disc interface — an extended version of the highly praised Opus DDOS, voted fastest system by 'Acorn User' and favourite choice of 'A & B Computing' — combine to give you a powerful 1 Megabyte system. But Challenger has a third dimension, a super fast Solid State RAM DISC for instant access to an additional 256 K of RAM. Effectively a lightning fast second disc drive which can be upgraded to ½ Megabyte capacity for only £49.95. It makes Challenger superior to a dual disc drive, giving faster access and less wear and tear on your drive.

Challenger uses the same disc controller chip as the new BBC B+ computer making it compatible with all leading software titles. Call us for our full compatibility listing.

We've provided a selection of utilities on ROM and Challenger's disc drive is 40/80 track switchable. The extended DDOS takes no User RAM, PAGE, the position at which BASIC programs load, is left unchanged, normally staying at &OE00, and Challenger dynamically moves files on the disc to overcome the 'can't extend' problem.

Challenger's price of £249.95 includes our unbeatable two year warranty, a full operating manual, VAT and free delivery. Call us now on 0737-65080 for details of our nationwide dealer network or simply post the coupon below.

OPUS SUPPLIES THE DRIVE

The Opus disc drive range has few rivals for quality, reliability, and sheer value for money. We've taken the best in Japanese disc drive technology and backed it with Britain's longest guarantee — an amazing two years. For full details of our extensive range of half-height 5¼" disc drives together with information on your nearest stockist, phone 0737-65080.
