# GameBoy Reviews

✓ We promise every game has been tested by our expert players. They tell you what they really think and won't score a game high they wouldn't want to play themselves...

## How they score

- 0-44 Real rubbish
- 45-64 Still not worth playing
- 65-79 Nothing too special
- 80-89 Pretty good, but not exactly great
- 90-100 Amazing game you must play!

### Awesome

Our Awesome award is only given to games we love and think you really must play. It's only ever given to games that score over 90%.

# TOCA Touring Car Championship

**LOOKS** → The neat tracks and cracking speed ensure you won't get tired of this amazing racing sim. It's a winner every time.

## Game Info

By: THQ

Price: £24.99

Release: Late August

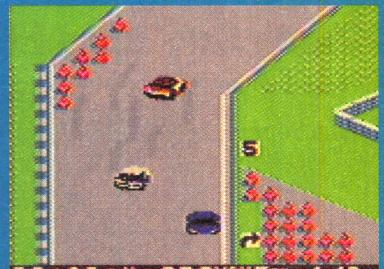

## Drive time

**H**old on tight, Nintendo boy racers. It's time for one of the slickest, fastest speedsters ever to zoom onto your mini mate.

Put pedal to the metal over some of the most exhilarating touring car circuits, including Silverstone and Donington Park. With Party Play mode and the option to link up with a race mate, you'd better strap yourself in and hold on tight for the ultimate ride...

▲ Power up your hot rod and thrash your motor to the finish line in this wicked driving game.

▲ Use the slipstream, take them on the inside, shunt them into the gravel. Just get to the front!

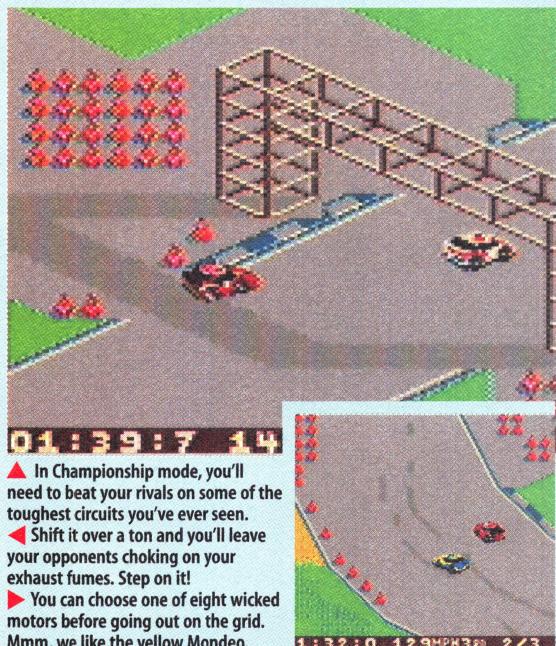

## Get down to the track

TOCA Touring Car Championship has got some cool race options that are sure to get all you driving nuts drooling.

As well as a one off cruise in Single Race, a Championship mode gives you the chance to test your skills against the toughest racers.

Before the lights turn green, be sure to select a tasty motor from the dream showroom on offer.

Not only can you pick from a Honda Accord or Audi, but you can also go for a spin in a Vauxhall and drive the other road hogs off the track.

▲ In Championship mode, you'll need to beat your rivals on some of the toughest circuits you've ever seen.  
 ◀ Shift it over a ton and you'll leave your opponents choking on your exhaust fumes. Step on it!  
 ▶ You can choose one of eight wicked motors before going out on the grid. Mmm, we like the yellow Mondeo.

**Prepare to get white knuckles in the nippiest high octane racer ever to roar onto the Game Boy grid. Life in the fast lane's about to shift into top gear. Hang on to your hats...**

## Behind the wheel

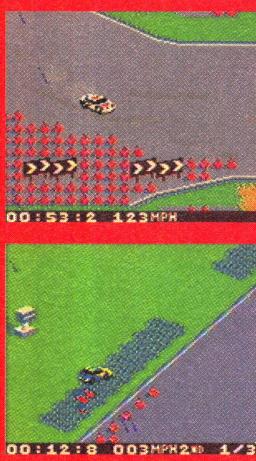

Throw away those L plates, drivers! Your skills will need to be up there with the best of them if you want to stay ahead of the chasing pack.

Each course is packed with hairpin turns and tight chicanes, so ease up on the gas or you'll be cruising for a bruising.

Be careful not to skid on the sharp bends, too. Oversteer and you'll end up in the gravel trap or smashing through cones which slow your motor down.

◀ You'll have to pull up sharp to take the hairpin bends. Go too quickly and you'll slam into the cones.

◀ The driving rain can play havoc with your brakes, so you'd better take it easy or you'll crash out of the race.

◀ Go too fast round a bend and you'll spin right off and onto the grass. It will take you ages to get back in the race now.

**SOUNDS** → It's mostly whining engine noises, but you shouldn't let that put you off this red hot racer.

## O'Leary Manager 2000

By Ubi Soft Price £24.99 Game Link ✓  
Infra Red X Game Boy X Game Boy Color ✓

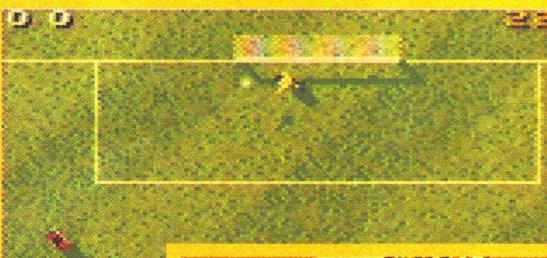

**What it's about** The nail biting world of footy management is yours to play on your GB Color. Decide your unbeatable XI and play everyone off the park using your brill ball skills. Spend millions in the transfer market, too.

▲ You'll have to battle it out on all manner of pitches. It's fun to play in the rain, but watch your tackles 'cos you are going to slip and slide in the mud.

▲ As player manager you'll have to dabble in the transfer market. Phil Neville's for sale, but he ain't cheap.

**CHARLTON**

▲ As well as going head to head against Premier League opposition, you can play Europe's best sides, like Barcelona.

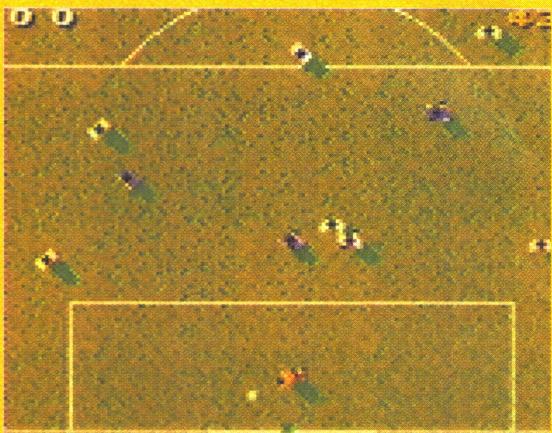

► All your favourite teams are featured in O'Leary Manager 2000. Wimbledon are still in the Premier League, too.

**We think** For action packed football on the go, this is the only game you'll ever need. With the added fun of creating the next Man United, you'll be playing this season after season. O'Leary Manager 2000 is class on grass.

▲ Liverpool and Leicester are deadlocked at one all, but Berger's tearing the defence apart. Good shot!

▲ Press **START** to view an action replay. Watch Michael Owen prove why he's deadly inside the area.

▲ Nick Barmby's racing into the penalty area and he's beaten the goalkeeper. It's now 1-0 to Everton. Go on you blues!

**CHARLTON**

▲ Giggys one of the fastest players in the game. Use his skills to take on the back four and score.

**What it's about** Yeah, baby, yeah! Lead Austin Powers in a wacky platformer or negotiate Mini Me's cart across an assault course. Play Paper, Rock, Scissors, check out movie clips and print letters with the aid of your trusty GB Printer.

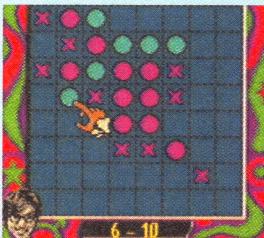

**We think** If you love the films, you'll go mad for these groovy titles. The mini games are excellent fun and the extras really add to the game's appeal. Remember though, these games are sold separately.

▲ Austin Powers and Dr Evil are fighting it out at Paper, Rock, Scissors. Can you outwit the sinister madman?

▲ In Welcome to My Underground Lair, put your foot down in Mini Me's cart. Flip over and you'll start again.

▲ Dominator really tests the old grey matter. The aim of the game is to create lines of your own colour.

▲ In Oh Behave, use Austin's gun to blow away the enemy disguised as footballs and traffic cones.

GROOVY BABY!

▲ You can even type your own messages and print them out using the Game Boy Printer.

**What it's about** The sinister Black Knight has cast a spell on Hype and blasted him back in time. Save the kingdom of Torras and wipe out the evil villain in this sprawling RPG and platformer.

**We think** If you know your RPGs, this adventure will be easy. It's not in the same league as Link's Awakening DX, but if you want something to play as you wait for the new Zelda games, try it out.

▲ If you slip off an edge, Hype will cling to the platform so he won't plunge to his doom.  
◀ Time your jump over the spikes or you'll do yourself a serious injury.

▲ Grab the icons as you slide down to the slippery slope.

▲ The levels are brimming with hidden rooms to locate. Clamber inside and collect the goodies.

**We think** This is one crazy adventure. With great graphics and enjoyable gameplay, this zany cartoon caper is definitely worth a closer look.

▲ The levels are packed with nasty enemies. Don't fall now, Igor!

▲ Flick the switches to open secret areas. Find the pieces of Phil's body.

▲ Pick up the glowing skulls and Igor will be able to launch the bony heads at any baddies he comes across. You'll need to be a good aim!

▲ The cut scenes in Toonsylvania look brill. At the start you'll see Phil being blown to pieces.

**What it's about** England may have performed abysmally at Euro 2000, but now you're able to rewrite history and lead Owen and Shearer to glory. Amaze the crowd in Exhibition, Cup or League options in this excellent footy sim.

ENG 01-00 ITA 00:13  
OWEN

▲ Now's your chance to get revenge for England getting knocked out of Euro 2000. Shearer heads home to make it 2-0.

**We think** If you've got Ronaldo V-Football, it would be a good idea to try before you buy as UEFA 2000 looks and plays just the same. Saying that, this makes for a fast and fluid game of football that you won't want to put down.

◀ England might be in the lead, but they are still hungry for more goals. Owen's shot is sailing over the line. Will his attempt give them a two goal lead?

► What an amazing save by the man between the sticks! If he carries on making sizzling saves like these, he's bound to keep a clean sheet.

▲ That's a world class penalty from Zidane. The goalie had no chance against that amazing shot as it flew straight into the top corner.

**What it's about** Fred Flintstone's late for work and has been ordered down to the local burger bar. Create giant hamburgers to clear each stage while smacking critters over the head with Fred's club.

**We think** For a few minutes of fun packed challenges, this is a great little title. The idea's simple, and the fiendish levels will have you gripped. You'll have a Yabba Dabba Doo time with this title.

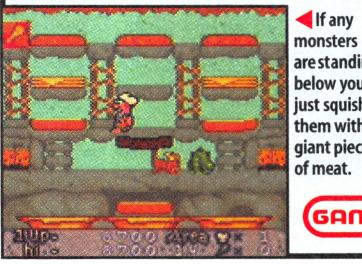

▲ Walk over the pieces of each yummy scrummy burger and they will drop to the level below.

▲ If you find yourself surrounded by animals, pull out your club and clock them over the head.

▲ Find yourself in trouble in the kitchen and you can use the ladders to make a quick getaway.

**What it's about** Based on the hot new feature length cartoon, you must control Tulio or Miguel. Collect coins to find the Lost City of Gold and escape the charging bull in the ace mini game.

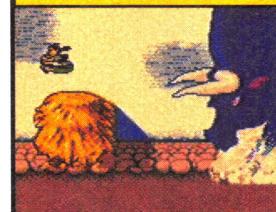

**We think** After the dismal Mask of Zorro, the GB Color's at last got a half decent hack and slash quest. It's easy, but the colourful levels and the top mini games will keep you hooked until the end.

► If you happen to find yourself face to face with a vicious raging bull, it's time to draw your sword and slice them in half.

▲ There are tons of goodies to collect up in the clouds. Make sure you get all the way to the top for some hidden extras.

▲ When you're being charged by the bull, leap clean over haystacks and giant hurdles. Stay ahead of the mad cow, though!

▲ You should attack the pesky pirates before they capture you and make you walk the plank.

## Wetrix

By Infogrammes Price £24.99 Game Link X Infra Red X  
Game Boy X Game Boy Color ✓

**What it's about** Stop water flowing over the edge by using different blocks to create lakes that store water. Rack up a high score, but watch out for fire and bombs that wreck all your hard work when they rain down.

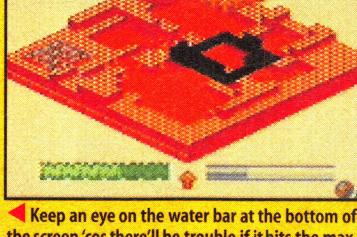

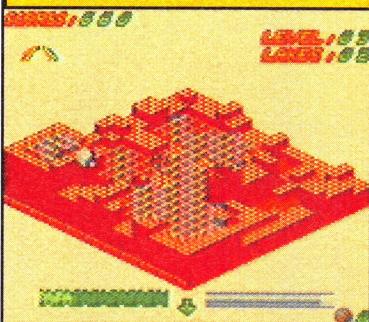

**We think** Wetrix was a great N64 puzzler, but it falls short on the GB Color. The blocks move too slowly when the action heats up and the lack of colours makes it difficult to spot your lakes. A missed opportunity.

▲ The aim is to build lakes to score points.

◀ Build up your landscape using the red pieces otherwise the water will flood over the edge.  
▼ Build a tower in each corner to store the rain that falls.

◀ Keep an eye on the water bar at the bottom of the screen 'cos there'll be trouble if it hits the max.

**What it's about** Another GB Color puzzler tries to nick Tetris' crown in this fun brain game. Save Lena's world from an evil king by joining up coloured balloons before they cross the line at the bottom.

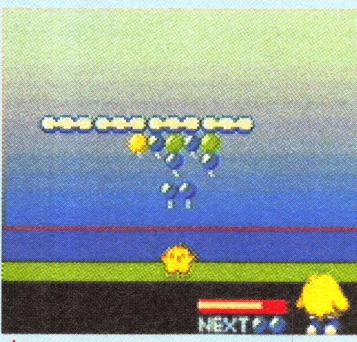

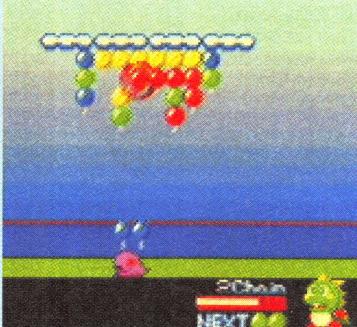

**We think** This quirky puzzler is simple and enjoyable. Pop n' Pop might not look like a classic and it's pretty easy, but after one game you'll be hooked.

▶ You can turn the balloons round to fit into the gap where you want to put them.  
◀ Let rip with some chain reactions to clear the stage and score loads of points.

▲ Join up three or more balloons of the same colour and they will pop right before your eyes.

▲ Keep an eye on the moving cloud. If the balloons drop below the red line you are finished.

## Alfred's Adventure

**What it's about** Alfred's buddy, Billy Egg, has been kidnapped by the Meka Chickens. Kill their army of robot warriors before they roast you alive!

## Moomin's Tale

**What it's about** Help Moomin save the day in wild 'n' wacky quests based on the ancient TV show. Solve the riddle of the mountains in this cartoon fest.

## Blaster Master

**What it's about** Originally on the NES, you play alien killer Jason. Guide your craft through the hostile levels and blow away those evil enemies.

## Cool Bricks

**What it's about** Use your bat and ball to smash apart each brick wall and clear the screen. Grab the items that drop to destroy the wall quickly.
